# Stephany Gonzalez

— Data Analyst —

Power BI  
Microsoft Fabric

Hi! My name is Stephany, I am a Marketing professional with a diploma in Financial Management and over 15 years of experience in analysis and administrative management processes in both the financial and real sectors. I hold certifications in Microsoft Azure Data Fundamentals, Power BI Data Analyst Associate, and Fabric Analytics Engineer Associate, allowing me to combine my experience with a solid foundation in data analysis and visualization, data flows, SQL queries, and more.

I excel at analytical approach, transforming complex data into clear and effective actionable information for decision-making, optimizing processes, and generating value for the organization.
